KINGSTON DISTRICT COUNCIL

Community
2027/28 Annual Business Plan & Budget Proposal Form

Dear Community,

Kingston District Council will commence its 2027/28 Annual Business Plan and Budget process shortly. Council invite ideas and submissions from the community for projects or initiatives to be considered in Council's 2027/28 budget deliberation process.

Submissions should align with Council's 2023-2027 Strategic Plan and could relate to any Council activities such as roads, streets, parks & gardens, footpaths, walking trails and community development activities.

Council will consider all submissions; however, we ask the community to be mindful of current budget pressures and the range of big issues that Council are facing or already considering including the Kingston Jetty, CWMS Extension Project, Sand and Coastal Management and Rosetown Drainage Project.

Members of the community are encouraged to talk to their Elected Members who can raise budget submissions on behalf of the community. Alternatively, submissions can be made on the form before and must be lodged by 5.00pm on 15 December 2026. Council will consider submissions at its workshop scheduled for 19 January 2027.

Your name:	
Email Address:	
Project name:	
Project location:	

Project summary:

Please attach additional documentation to support your submission if required.
